<u>Building Program Capacity</u>
Integrating Mentoring into SS/HS
- SS/HS Project Director Resource Guide Incorporating Mentoring Programs (incorporates
  mentoring as an evidence-based program within a SS/HS initiative):

  mentoring-programs
  Questions to consider for how SSHS and Mentoring are integrated within your site:
  - What conversations have you had with mentoring program coordinators to address how
    mentoring can be integrated into SSHS?
  - How does a school-based mentoring program support or promote a positive school climate?
  - How do mentoring program staff reinforce positive behavioral strategies used by SS/HS
    programs within
  - Is the mentoring program used to promote other activities of the SS/HS initiative (e.g. parent
    engagement, community partnerships, etc.)? If yes, how?

Staff Training
- TCAM Online Module: Using TCAM Resources to Strengthen your Mentoring Program (provides
  an overview of TCAM resources along with strategies for how these resources help address
  common mentoring program challenges): http://www.advancementoring.org/online-
