OUR MAGIC FORMULA

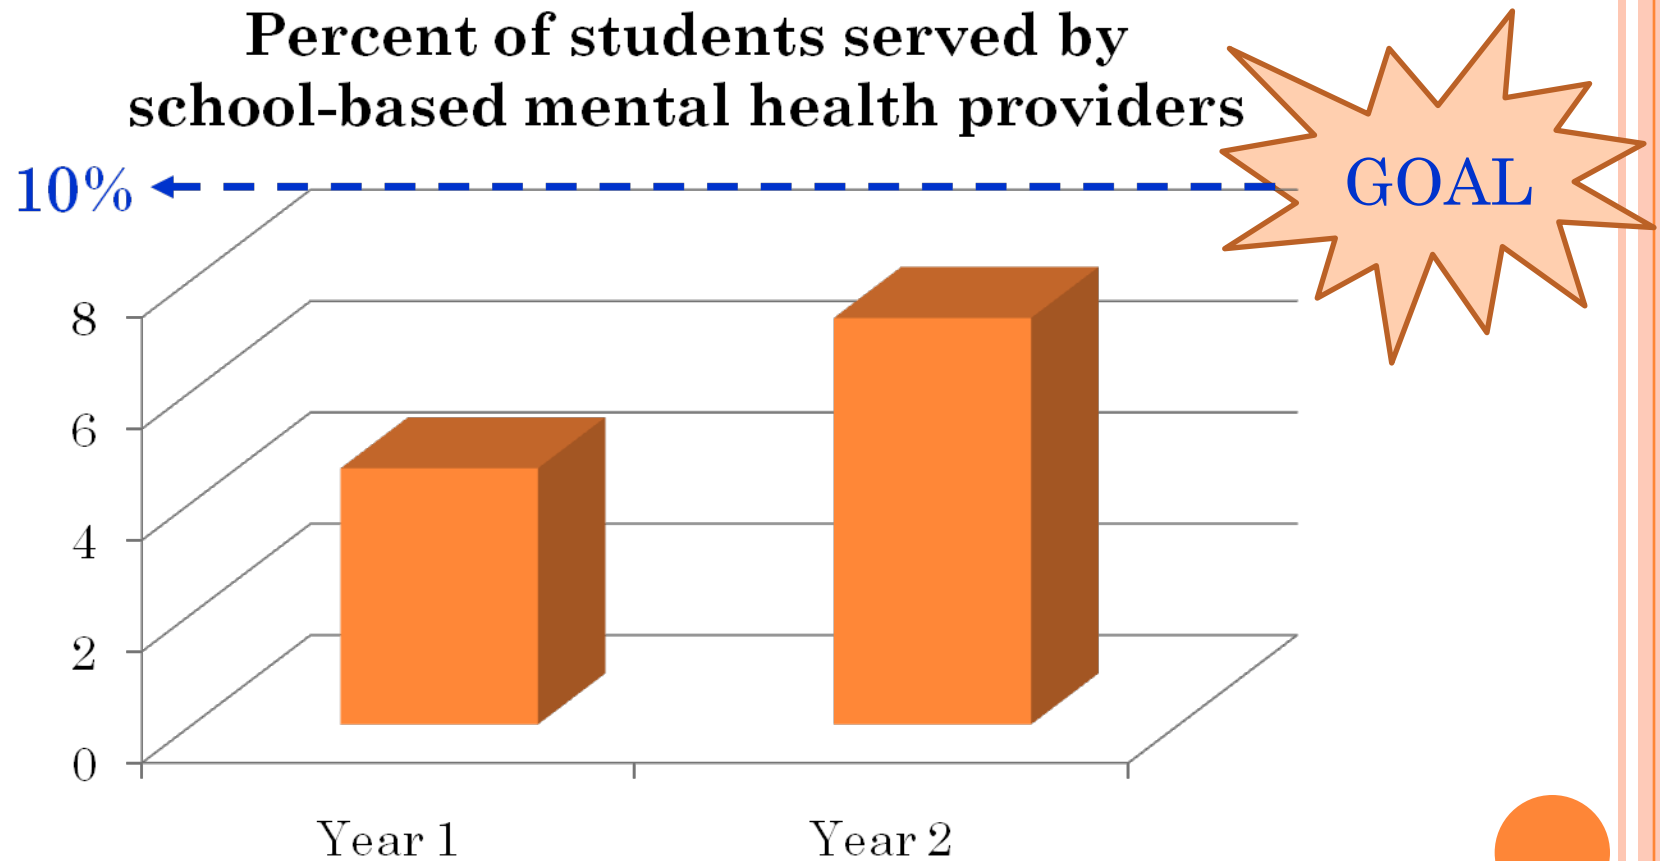

- Use data to improve the program
- Eliminate barriers to implementation
- Tie everything to a common language

USE OF DATA

USE OF DATA

USE OF DATA

○ Social skills groups

○ Lunch clubs

provider

COMMON LANGUAGE

- Tie all programs to the same model
- Talk the model... over and over again

COMMON LANGUAGE

We're the police...
we don't do mental
health

○ Meet Ben...

We follow the
Oregon Model

According to the
Oregon Model...

Ben, did you
get your copy
of the Oregon
Model?

How do the
police support
the Model?

COMMON LANGUAGE

We're the police...
we *absolutely* do
mental health

How We Accomplished Comprehensive Systems Change

- Built relationships
- Created a shared vision for students and families across “key” systems
- Used real stories to highlight organizational challenges
- Crisis as opportunity-working smarter and more efficiently
- Shared successes with all stakeholders

How We Accomplished Comprehensive Systems Change

- Identified institutional barriers
 - Information sharing-HIPAA, FERPA and Child Welfare Code
- Found subject matter expert (Dr. Bernard James, Pepperdine University) to help create a document that allows for legal information sharing
- Checked in regularly with stakeholders
- Set timelines and goals

How We Accomplished Comprehensive Systems Change

- Brought front-line, management, and agency heads along at the same time
- Built a system to address current and future needs
- Created a manageable process to collect and analyze data
- Formally documented the project history
 - 1) Knowledge
 - 2) Persuasion
 - 3) Decision
 - 4) Implementation
 - 5) Confirmation
