Reflection Question

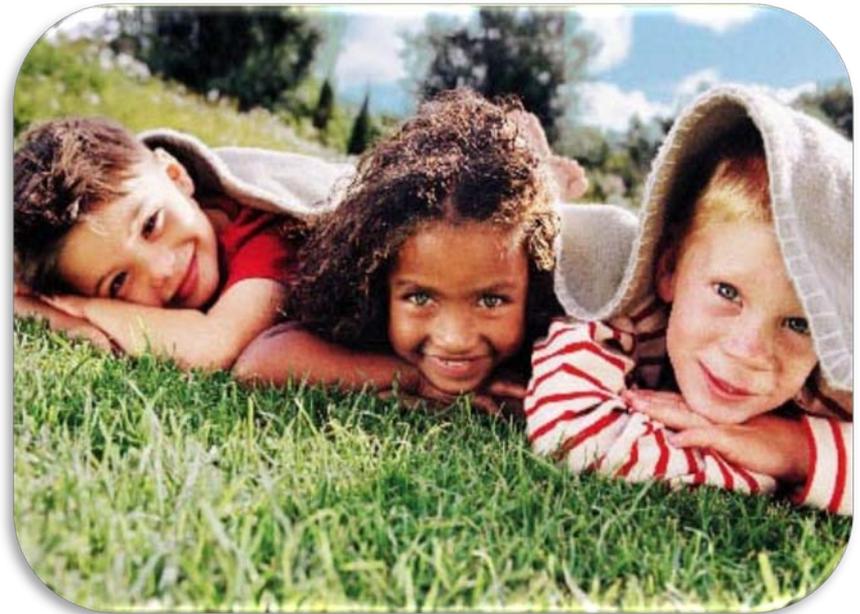

If you could pick one quality or skill that all young people would possess by the time they graduate from high school, what would it be?

*Turn to a neighbor
and explain.*

Essential Questions Each Community Must Answer

What do we want our children to be, to know, and to be able to do when they graduate?

How can the entire community be organized to ensure that all students reach the stated goals?

A Vision for Schoolwide SEL

Educators, students, families, and community members work together to support the healthy development of all students.

All students are engaged and active learners who are self-aware, caring, respectful, connected to others, responsible decision makers, and academic achievers.

Students are contributing in positive ways to their school and community.

What's Needed

How do we move from here...

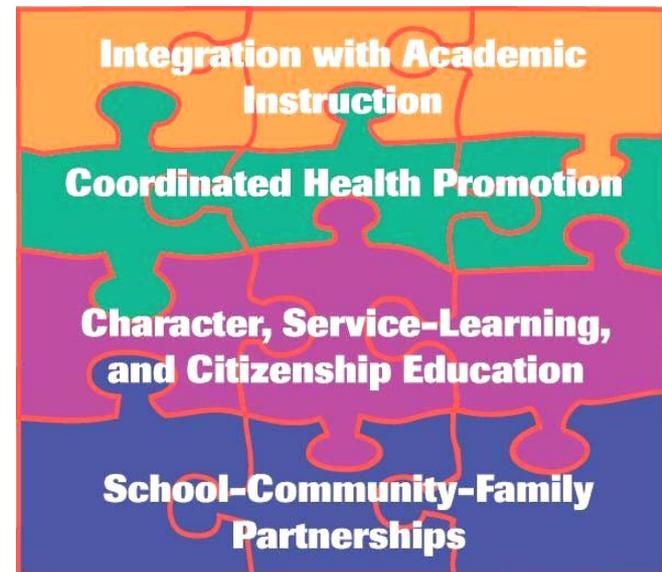

- Fragmented efforts
- Piecemeal implementation
- No common language

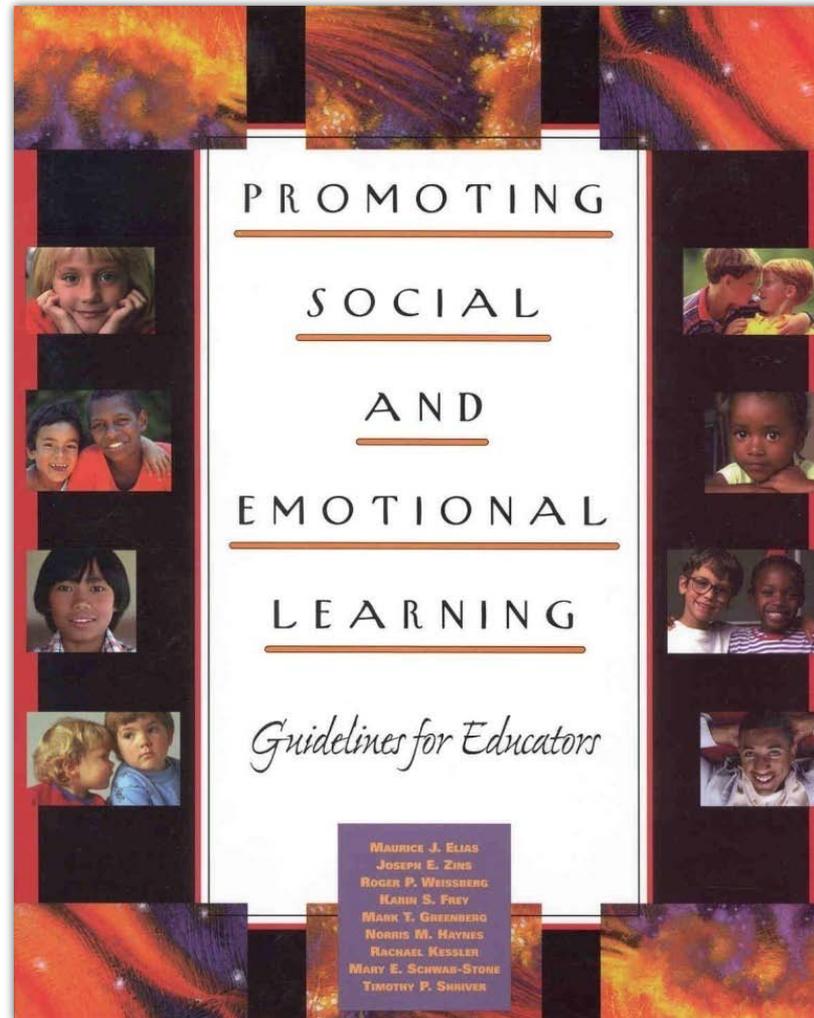

SEL as a Coordinating Framework

...to a better place for kids

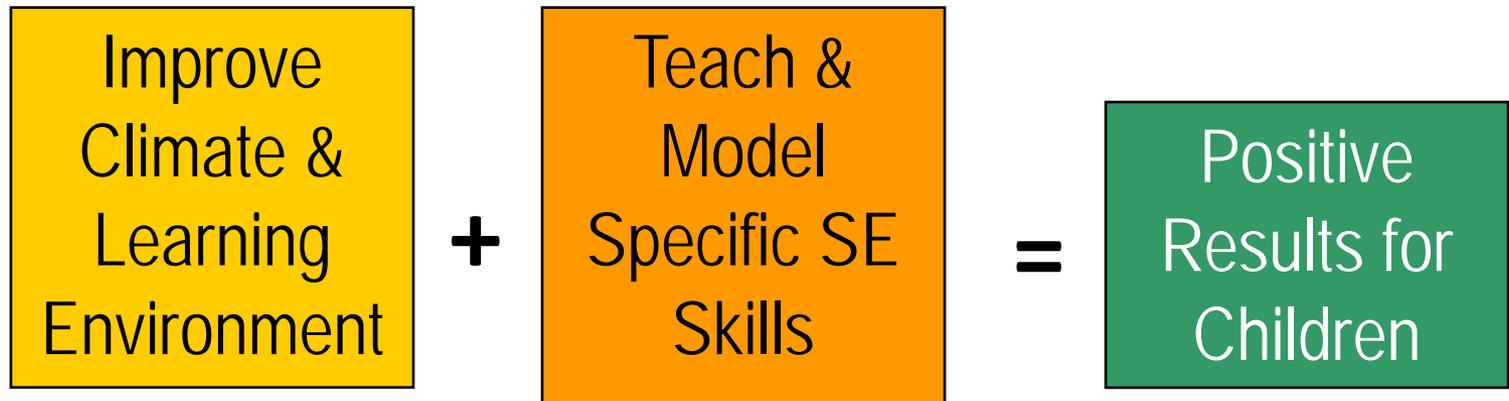

- Built on student strengths
- Academic *and* life success
- Coordinated efforts
- Systemic integration

SEL Conceptual Framework for Academic, Social, and Emotional Competence

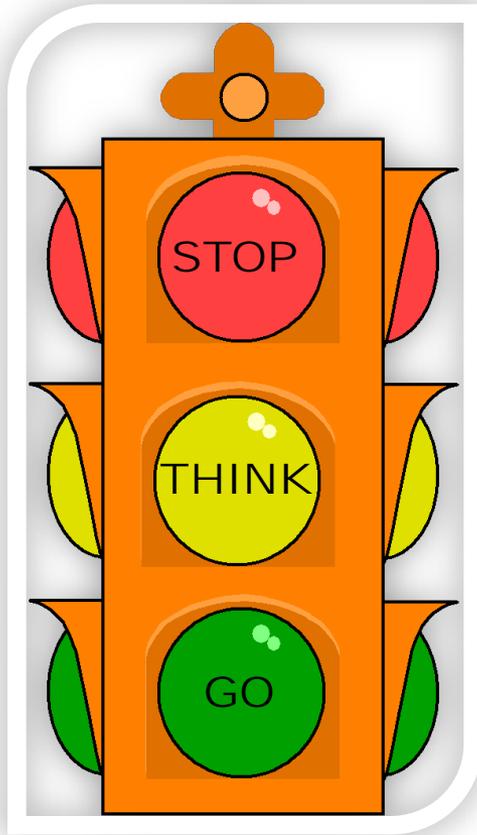

What is Social and Emotional Learning?

SEL is a process of acquiring knowledge and skills related to five core competencies:

A Caring, Connected, Responsible, Contributing Problem Solver

- Set a **POSITIVE GOAL**
- **THINK** of lots of **SOLUTIONS**
- **THINK** ahead to the **CONSEQUENCES**
- **GO** ahead and **TRY** the **BEST PLAN**

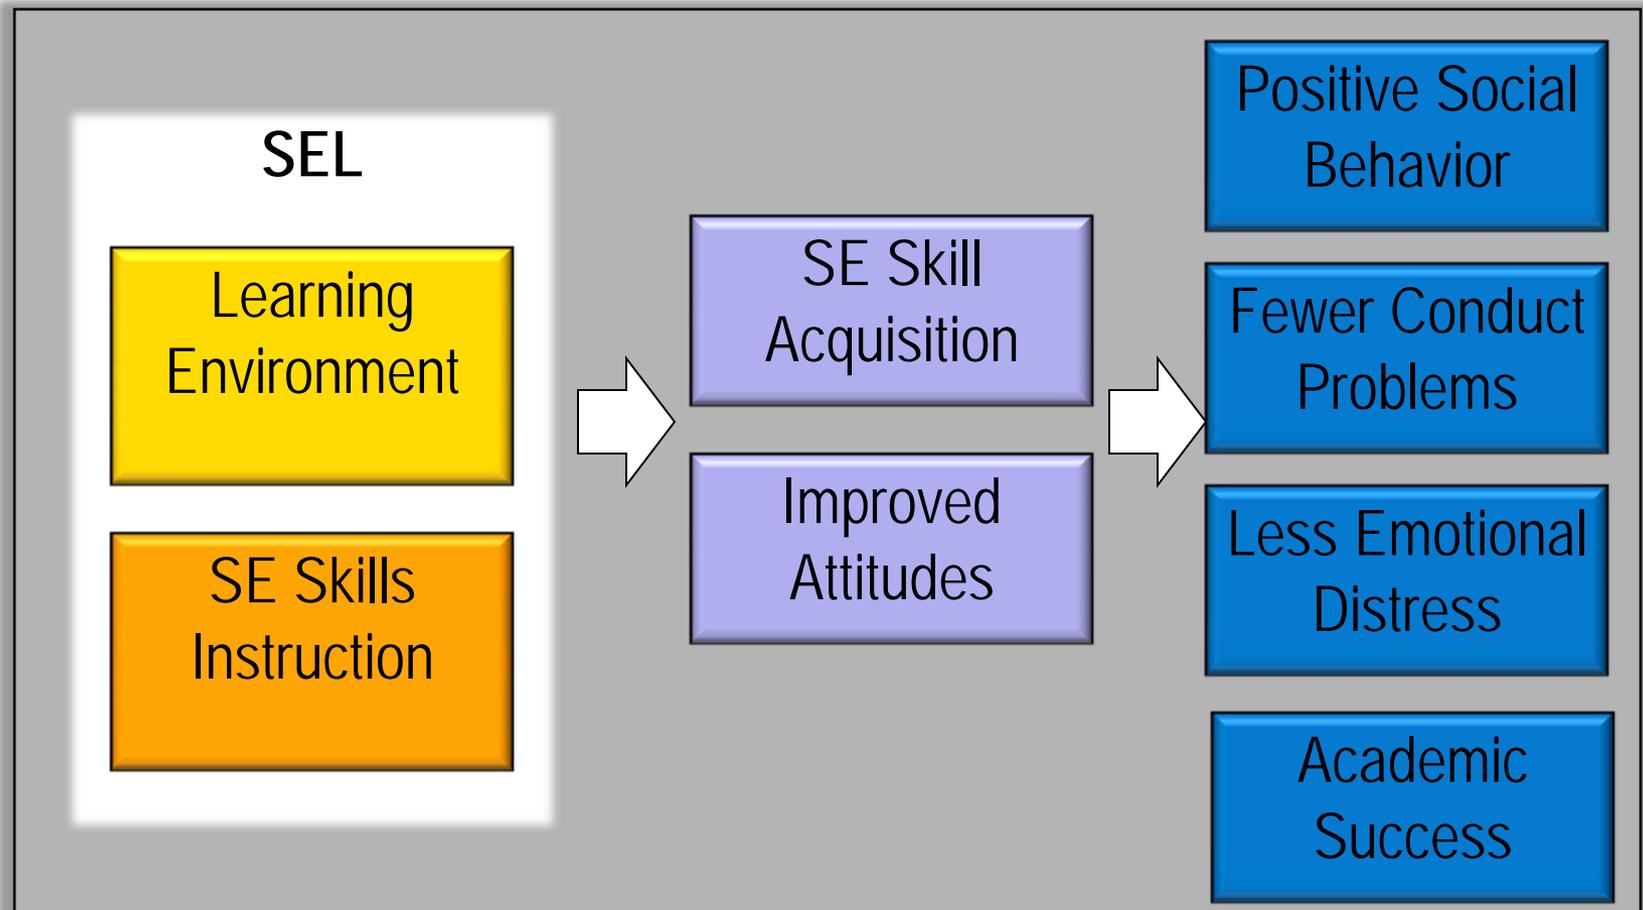

Learning Environment

- Safe & well-managed
- Respectful & supportive
- High expectations & challenging
- Participatory & leadership
- Behavioral standards & prosocial norms

Meta-analysis: SEL Promotes Success in School

Durlak, Weissberg, Dymnicki, Taylor, & Schellinger (2011)

Coordinated School, Family, and Community Programming

Meta-analysis: Core Questions and Answers

1. Does school-based SEL programming positively affect students? – *YES*
2. Do the impacts on student functioning endure over time? – *SOMEWHAT*
3. Are SEL programs conducted by existing school staff effective? – *YES*
4. Do training practices and the quality of implementation affect student outcomes? – *YES*

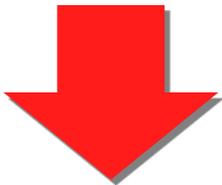

The Benefits of SEL

Research Links SEL to Higher Student Success

- 23 percentile point increase in SE skills
- 9 point gain in attitudes about self/others/school
- 9 point gain in pro-social behavior
- 11 point gain on standardized achievement tests

And Reduced Risks for Failure

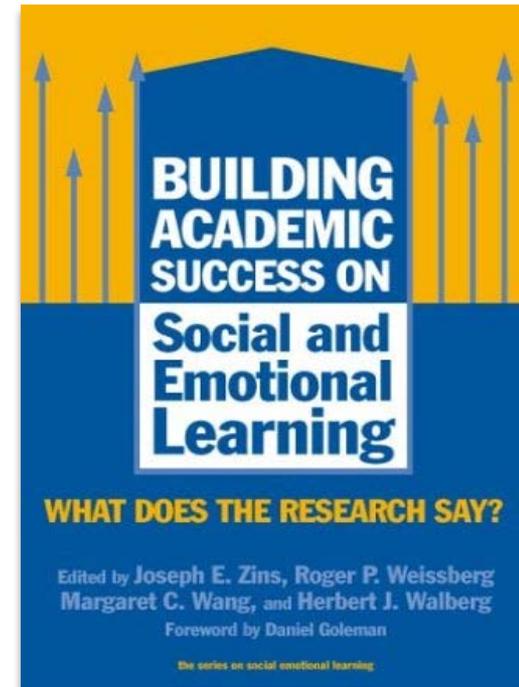

- Problem behaviors down 9 points
- Emotional distress down 10 points

SEL Improves Academic Outcomes

- **Attitudes**
 - Motivation, commitment
- **Behaviors**
 - Participation, study habits
- **Performance**
 - Grades, subject mastery

Source: Zins, Weissberg, Wang, & Walberg (2004). *Building Academic Success on Social and Emotional Learning (SEL): What Does the Research Say?*

Longitudinal Findings from the Seattle Social Development Project at Age 21 (Hawkins et al.)

- More high school graduates
- More attending college
- More employed
- Better emotional and mental health
- Fewer with a criminal record
- Less drug selling
- Less co-morbid diagnosis of substance abuse and mental disorder

Cost-benefit: \$3.14/student for \$1.00 invested

How Do We Develop Students' Social and Emotional Skills?

- **Sequenced, Active, Focused, Explicit (SAFE) programming**
- **Adults and students model SEL skills and discuss relevant situations (teachable moments)**
- **Developmentally/culturally competent instruction and community-building activities**
- **Students have opportunities to contribute to their class, school, and community**

Implications for Practice & Policy

SEL works

- *Multiple positive outcomes including academic achievement*
- *Across grade levels and contexts*

SEL is doable

- *Good results from programs run by existing school staff*

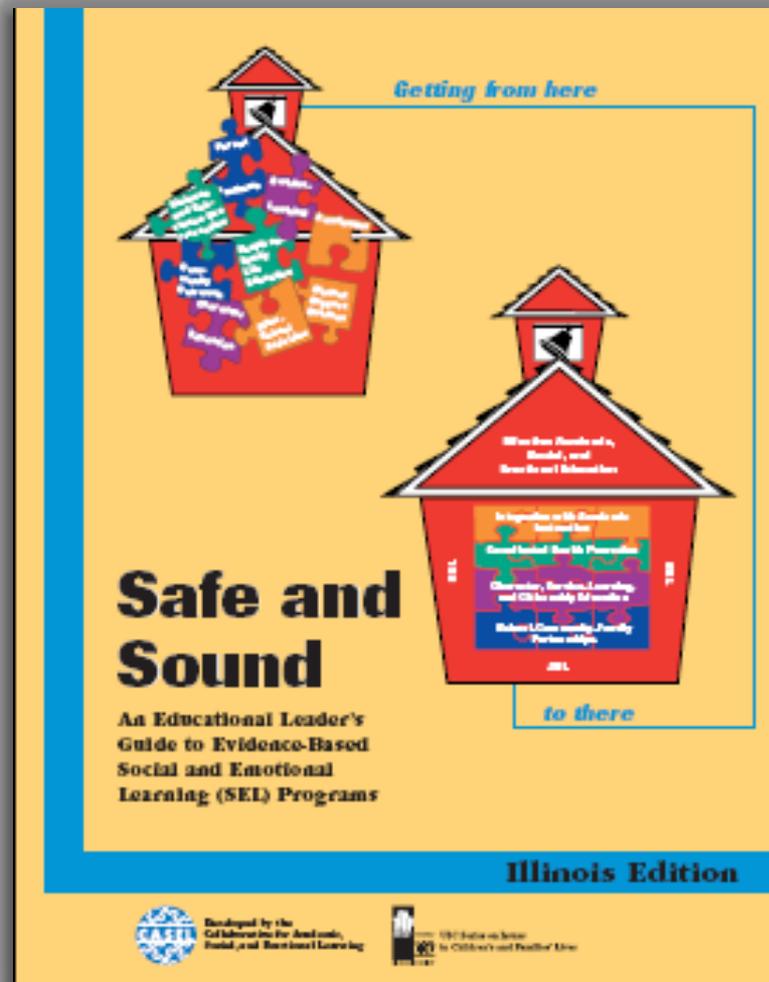

SEL needs support

- *Implementation matters*
- *Supported by federal and state policies, leadership, and professional development*

Strategies for Coordinated Schoolwide SEL Promotion

- Select an evidence-based SEL curriculum
- Teach, model, and reinforce skills throughout the day
- Create opportunities to practice SE skills in a variety of settings/situations
- Infuse SEL concepts and skill-building into core academics
- Coordinate with student support services, extracurricular activities, out-of-school programs
- Involve families and the community
- Ongoing evaluation and improvement
